

Emidence[®] XD Exigency Response Tool (ERT)

Enabling a safe workplace through real-time reporting, tracking and monitoring employee interactions

Emidence[™] XD-ERT is an Mobile App that can be deployed and used right from your mobile device, tablet or desktop. It is anchored by **Emidence[™] XD**, Xybion's Total Employee Environment, Health and Safety(EHS) cloud application. Our Total Mobile App and Enterprise cloud enables EHS Business leaders of all companies to easily manage Clean and Safe interactions through the growing COVID-19 pandemic in one simple to use application.

COVID-19 Tracker

This is a self reporting tool. You are expected to be honest and transparent for the safety of your peers and our patients. If you are found to have been dishonest in your evaluation, you will be subject to corrective action.

First Name Last Name

Department

Phone

Have you experienced any of the following symptoms? (Select all that apply)

Fever Cough Shortness of breath Upper respiratory symptoms

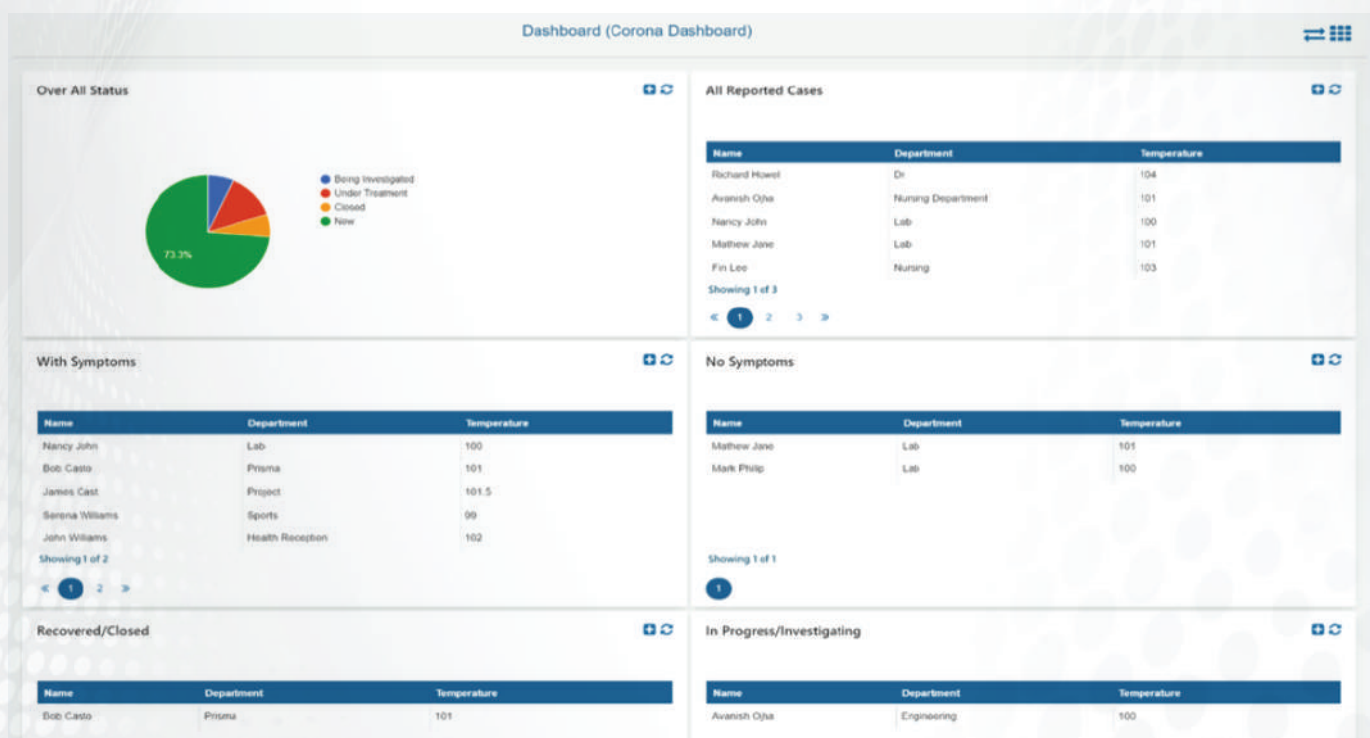

I don't have any of the above symptoms

Using the thermometer provided, measure your temperature by applying the probe cover & placing the probe under your tongue. Record the value in the space provided below. When you are done, dispose of the probe cover in the garbage bin.

Submit
