

Reduce claims management costs and increase efficiencies through Xybion's suite of managed care

## Next Gen Solutions for Health and Safety

- Evidence based medical bill review
- OSHA reporting
- Enterprise Content Management
- Soft tissue management
- Care and case management
- State reporting
- Network management
- E-Occupational health practice management

## Provider Network Management

### Enhanced Network Management Application to Connect, Integrate and Manage Pre and Post Network Application

Xybion's Provider Network Management platform enables organizations to customize their provider network to support national, regional, and custom specialty network solutions. Evidance, a cloud-based platform for comprehensive health and safety management, provides a low-code Provider Network Management app to meet quality, compliance and operational excellence in managed care operations.

#### Xybion's Provider Network Management solution:

- Is a robust contracting platform
- Seamlessly integrates with medical bill review platforms, claims systems, and other provider directories.
- Manages credentialing
- Maintains a full audit trail of contract rates
- Enables contract rate negotiations based on state regulations with fee schedule and usual and customary application overlay.

#### Benefits of Xybion's Provider Network Management

- Ensures data integrity throughout the organization
- Convergence of people and technology
- Seamless integration with multiple platforms

#### Key Features of Xybion's Provider Network Management:

- Access to data anytime, anywhere from any device
- Enables self-service reporting abilities
- Provides automated data maintenance
- Data monitoring from a centralized location
- Improves efficiencies, accuracies, and controls
- Automated provider data collection

## About Xybion

Xybion is a leading SaaS company dedicated to providing life sciences and health systems companies with innovative software solutions to accelerate the transformation of today's inventions into tomorrow's approved medicines, devices, and diagnostic tests designed to save lives and keep employees safe. Our intelligent cloud platform and software solutions help companies accelerate digital transformation of processes, speed up innovation, optimize operations, reduce compliance risks, and achieve significant cost savings.

Xybion is serving over 160 customers in 29 countries including all the top 20 global biopharmaceutical companies. Xybion's global scale and expertise brings employees around the world to help companies in life sciences,

health systems, research institutions, and governments. We help companies digitally transform their regulated business operations. Our unique solutions focus on employee health and safety, integrated preclinical lab management, early-stage drug discovery, digital lab solutions, regulatory compliance, GRC, quality management, predictive compliance, content management, and systems validation.

*With our expansion into the managed care industry, Xybion is excited to provide a complete platform to all stakeholders within the managed care industry, occupational health and occupational medicine.*
