

Reduce claim expenses and increase efficiencies through Xybion's suite of managed care applications.

Revenue Cycle Management

Your process. Your Way.

Whether you are looking for a full revenue cycle management platform or a simple to use compliant billing platform, Xybion's digital billing platform is for you. Integrated with our practice management platform or as a standalone application, our billing module streamlines workflows and doesn't require specialized billing services. Xybion's platform easily supports Workers' Comp regulations giving you certainty when billing so you know your bill is compliant and how much you will be reimbursed.

Next Generation Solutions for Health & Safety

- Occupational health and safety
- OSHA and state reporting
- Soft tissue injury management and medical care
- Absence management
- Evidence based medical bill review
- Enterprise content management
- Care and case management
- Network management and credentialing
- E-occupational health practice management

Benefits of Xybion's Revenue Cycle Management Platform

- 100% cloud-based and accessible via any device
- Embedded ICD10
- Easily integrates with third party vendors
- No software to download
- Immediately access and connect internal systems that drive billing
- Completely configurable - updates take days, not months
- Real-time access to bills in all statuses
- Embedded reporting
- Fully compliant with latest data standards and regulatory guidelines
- Established interfaces with clearinghouses
- Supports workers comp, auto, and federal guidelines
- Minimal IT costs to implement and maintain
- State fee schedule overlay
- Ability to create a test bill to fix errors that would cause a denial or rejection

About Xybion

Xybion is a leading SaaS company dedicated to providing life sciences and health systems companies with innovative software solutions to accelerate the transformation of today's inventions into tomorrow's approved medicines, devices, and diagnostic tests designed to save lives and keep employees safe. Our intelligent cloud platform and software solutions help companies accelerate digital transformation of processes, speed up innovation, optimize operations, reduce compliance risks, and achieve significant cost savings.

Xybion is serving over 160 customers in 29 countries including all the top 20 global biopharmaceutical companies. Xybion's global scale and expertise brings employees around the world to help companies in life sciences, health systems, research institutions, and governments.

We help companies digitally transform their regulated business operations. Our unique solutions focus on employee health and safety, integrated preclinical lab management, early-stage drug discovery, digital lab solutions, regulatory compliance, GRC, quality management, predictive compliance, content management, and systems validation.

With our expansion into the managed care industry, Xybion is excited to provide a complete platform to all stakeholders within the managed care industry, occupational health and occupational medicine.
