

## Ensure Rapid COVID-19 Test Results

Labwise XD COVAPP is a complete end-to-end COVID-19 Test Management software that creates a comprehensive solution for assuring compliance with regulatory guidelines globally.

Labs can manage laboratory workflows digitally, reducing mistakes that occur with manual processes and be prepared for high volume COVID-19 testing and reporting in only 2 weeks.

### Key Benefits:

- **Automated Test Result Notification** – Test results are delivered immediately to the patient upon submission of a positive result into COVAPP.
- **Increased Throughput** - Eliminates manual processes and reduces data entry issues by more than 90%.
- **Increased Testing Capacity** - COVAPP's streamlined approach to COVID-19 Test Management that improves productivity by over 40%.
- **Greater Compliance** - Built on a low-code, cloud-based system built for compliance and HIPAA.
- **Scalability** - Seamlessly adapts to your laboratory's test volume.

## COVAPP: COVID-19 Test Management

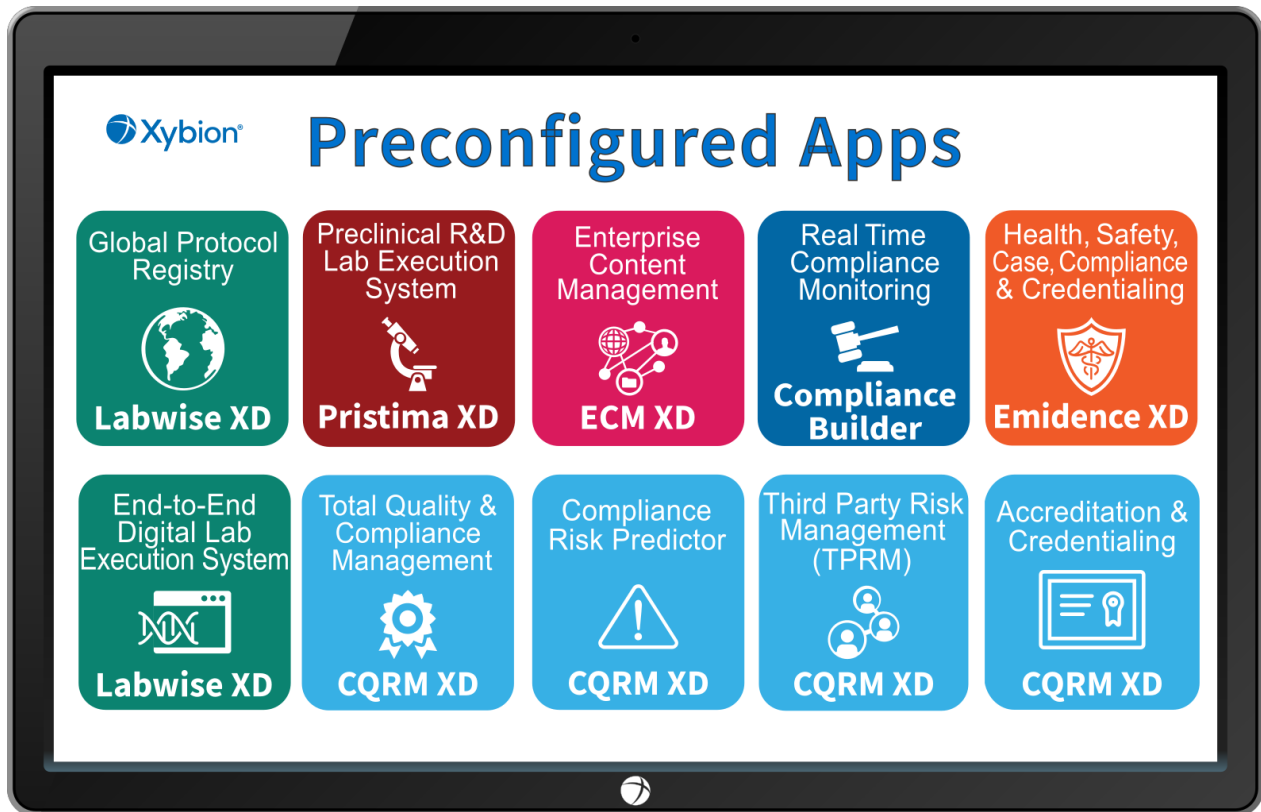

Laboratories and healthcare providers worldwide need fast and effective COVID-19 testing management capabilities that achieve quality, patient safety, and full regulatory compliance. With COVAPP, you can mitigate the risks of COVID-19 for your employees and patients, reduce contact exposures, all while managing the complexities of laboratory workflows. Attain regulatory compliance and scalable test management in 2 weeks.

**With Xybion's COVAPP, labs can expedite turnaround times, reduce workloads, increase testing capacity, and handle an unlimited volume of COVID-19 tests.**

Labwise XD COVAPP integrates and automates all aspects of your laboratory operations including:

- Patient Registration
- COVID test results
- Sample management
- Test management
- Inventory management
- Invoicing
- Instant Notifications
- Reporting

## Future Proof Your Software Investments with a Clear Path on ROI

- **Create Study:** Includes product, batch, and storage conditions.
- **Create Test Lists:** Includes desired storage conditions and time intervals.
- **Start Time:** Specify a start time for each storage condition
- **Storage:** Print labels and storage samples.
- **Results:** Enter results on lab work order (LWR) forms.
- **Complete Study:** End to end COVID-19 Test Management
- **Report:** Results sent to regulatory bodies, ordering physicians, and patients, customizable to your needs.

## Xybion is Your Expert Digital Lab Management Partner

### About Xybion

Xybion is a leading SaaS company dedicated to providing life sciences and health systems companies with innovative software solutions to accelerate the transformation of today's inventions into tomorrow's approved medicines, devices, and diagnostic tests designed to save lives and keep employees safe. Our intelligent cloud platform and software solutions help companies accelerate digital transformation of processes, speed up innovation, optimize operations, reduce compliance risks, and achieve significant cost savings.

Xybion's global scale and expertise brings employees around the world to help companies in life sciences, health systems, research institutions, and governments. We help companies digitally transform their regulated business operations. Our unique solutions focus on employee health and safety, integrated preclinical lab management, early-stage drug discovery, digital lab solutions, regulatory compliance, GRC, quality management, predictive compliance, content management, and systems validation.

Xybion is serving over 160 customers in 29 countries including all the top 20 global biopharmaceutical companies.
